## ABOUT FIRE MOUNTAIN

Located in the foothills of the Cascade Mountains, on 665 acres nestled in the forests of scenic Walker Valley, Fire Mountain Scout Camp is home to some of the finest Scouting program opportunities in the Pacific Northwest. The patrol is the focus of the Fire Mountain program. All staff and programs are geared towards teaching the patrol method, thus strengthening year-round troop operations. Our beautiful, wooded environs, temperate climate, and friendly and enthusiastic staff create the ideal setting for a great Scouting experience!

### Why is it called “Fire Mountain”?

In the 1950’s, before it became a summer camp, Fire Mountain was a farm used as a staging area and base camp for firefighters who were fighting wildfires on and around Cultus Mountain. They had to return so frequently, they told others they were going back to “Fire Mountain.” In 1971, the name was suggested for the new Scout camp and it stuck!

The Mount Baker Council is committed to a camp that meets the high standards of the BSA. Fire Mountain is inspected and accredited on an annual basis. Our key camp staff members are trained at the National Camping School of the Boy Scouts of America.

## HOW DO YOU GET TO FIRE MOUNTAIN?

From the South:

Go North on I-5 to exit 221 (SR 534). Exit I-5 and head East. Continue until you reach SR 9. Turn North on SR 9 (Left at “T” intersection) and continue five miles. Look for milepost 46. Shortly after this milepost you will see Walker Valley Road. Turn right on Walker Valley Road and continue to the end of the road. The Camp entrance will be on your left.

From the North:

Go South on I-5 to exit 227 (College Way). Exit I-5 and head East. Continue until you reach SR 9. Head South (right at the roundabout) and drive for approximately 3.7 miles. Look for Walker Valley Road on your left. Turn left on Walker Valley Road and continue to the end of the road. The Camp entrance will be on your left.

**Our address (listed above) can be used in most modern GPS units and smart phones for directions to camp. It is also the Camp’s mailing address for sending mail to a Scout during camp. The main office phone number for Camp is only monitored DURING summer camp, otherwise contact the Everett Service Center at (425) 338-0380.**

## WHAT TO BRING TO CAMP (suggested)

### PROHIBITED ITEMS

- No firearms, ammunition, or weapons of any type (including bows) may be brought to Camp.
- No fireworks allowed at Camp.
- Smoking, vaping, e-cigs, and Juuls are not allowed/to be used in front of Scouts; these are restricted to adults use only in the designated area, as are use of other tobacco products.
- Any person using or consuming alcohol, marijuana and/or illegal substances will be reported to the Camp Director and Sheriff and will be sent home. Do not share prescription medications with others.
- Pets of any all types are not permitted at Camp. Registered service animals are the only exception. animals allowed. Please notify Camp Leadership or the Everett Service Center if you require a service animal in Camp ahead of your arrival.

### RULES OF CAMP

The primary rules at Fire Mountain Scout Camp are the Scout Oath and Law. The following is presented as clarification based on past experiences in Camp.

1. Use the buddy system and 2-Deep Leadership.
2. Stay inside Camp boundaries.
3. Wear close-toed shoes at all times. Flip-flops may be worn IN the shower house, not walking to it.
4. Scouts with their Totin' Chip may carry multi-tools or folding pocketknives. Sheath knives are not allowed.
5. Do not cut live or downed trees.
6. Respect others' and Camp's property, keeping it free from damage and defacement.

### FIRE MOUNTAIN DRESS CODE

The Boy Scouts of America is a uniformed organization and dress at Camp should meet this standard and meet the needs of the activity the Scouts and leaders are participating in. The standard activity uniform for a Scout is a Scout activity t-shirt (Class B), Scout shorts/pants, Scout belt, Scout sox and Scout hat with app rate appropriate footwear. Dress at events such as flag ceremonies, chapel and campfires should include the field uniform (Class A) shirt and neckerchief.

Not every Scout or leader can afford the Official BSA shorts, pants and sox nor do all Scouts have Scout shirts to last a whole week. All Scouts and Scouters at Fire Mountain should endeavor to aim for this standard when packing for Camp.

Infractions of this dress code will be reported to the Camp Director. and Unit leadership is expected to support efforts to meet this dress code expectation. Campers that choose to not comply will be found in conflict with the BSA Code of Conduct and will be asked to go home.

### Sheath knives and other wood tools?

Fire Mountain does not directly ban any manual wood tools not already banned by either BSA national policy or state law. This said Scouts and leaders should use the correct tool for the correct use. While sheath knives are useful for a number of bushwhacking bush crafting skill sets, they are not suitable for most wood carving. Furthermore, daggers, swords, and large hunting knives that are made for the cutting flesh or primary use as weapons are NOT woods tools and are also are not allowed. Fire Mountain staff are empowered to collect knives/tools they feel are inappropriate and present them to the Camp Director. The Camp Director will be the final authority on if a knife/tool is appropriate to the Camp environment or specific use. Leaders are encouraged to help guide their Scouts to find the best possible tools for them to bring to Camp, remembering that while, "it looks cool," may be true, but is not the primary factor in a knife/tool's appropriateness at Fire Mountain or other Scouting programs.

## Where will I be sleeping?

Troops will be camping in one of the Fire Mountain Campsites, Fort Boeing, OR Kit Carson field... first come, first serve to assignments. Your unit will be informed of exactly where they will be camping one-week prior to the event based on registration.

## Can I drive to my campsite?

We will allow ONE vehicle at a time to enter Camp and to unload gear and then return to the parking lot. What this means is that if you unload, get unpacked, settle in, start a campfire, and make dinner before retuning your car to the parking lot you may be keeping those you're sharing the campsite with in the parking lot for a long time waiting weighting for their turn. Most scout troops are used to putting as much gear in one rig to haul gear back instead of each family driving back, so again it may benefit your unit to rally and pack gear as a group either before arriving or in the parking lot.

## What paperwork is required?

Your unit should must have the BSA Medical Form Part A/B on hand and be able to provide it on a moments notice to staff in case of a medical emergency.

## Instructional Station List

Scouts will spend a portion of their time at camporee engaging at a number of instructional stations where they will learn and test their skills using methods and tools from the early years of Scouting. These will include:

- Signaling
- Fire Building
- Lashing
- Black Powder
- Tomahawk
- Orienteering
- Plant/Animal ID
- First Aid
- Ham Radio
- Gaga Ball THUNDER DOME!!

## Golden Skillet

This year's cooking award will go to the unit that provides a sample of their BEST Top Ramen dish. Saturday morning, the participating units will be provided with one packet of Ramen- of either beef, chicken, or shrimp flavor (Scouts choice). They can may add anything to it to "make it better". Points will be given for taste, presentation, and manner of preparation.

## Bugle Competition

One of the "lost skills" of Scouting is playing an instrument to call to order, attention, revelry, and taps as well as so many more songs! While traditionally conducted by bugle, the camporee committee is calling on Scouts to compete to see who can be the best "bugler"... Be Prepared to share your skills- be it with a guitar , French horn, or of course the traditional bugle. Come and make your mark with your own bagel bugle call!

## What time can I check in?

Ideally units will arrive together at camp, not trickling in one family at a time. so Plan ahead and think about a good spot for the unit to rally before arriving at Camp. That said We will check in anyone that arrives as they arrive separately. Check in will be running is from 4:00PM to 8:30PM. Please be respectful of those getting ready to facilitate the event. If you arrive before 4PM, you will be asked to remain in the parking lot unit until we can check you in at 4PM.

## Can I volunteer and attend for free?

YES ... by joining Join the Fire Mountain Seasonal Staff! You can do this online at [mountbakerbsa.org/firemountian](http://mountbakerbsa.org/firemountian) ... be advised that staff are housed in the staff village and NOT with their unit during events. Staff attend events like this to serve and work so that our fellow Scouts can have an amazing adventure.

## Can I have my car in the campsite, to store food and the like?

No. The only vehicles allowed in camp during the program/ overnight are staff/ Camp vehicles that will be easily identified as Fire Mountain staff.

## When will the full schedule be out?

A full schedule for the weekend will be given out to leaders on check in at Camp.

## Is there any food provided?

Food is all done in the campsite except and provided by the Troops/Units.

## Scout Spirit

Scouts should Be Prepared with patrol and troop yells. They will be challenged for their yells at assemblies as well and as they travel around to the different stations. Spirit points may be awarded based on overall Scout spirit during Camporee.

Webelos Leaders must arrange to have meals with the host troop or plan to provide your own meals. Host Troops can be a unit with which your Pack is already affiliated. Webelos Leaders and Scoutmasters are responsible for making arrangements for transportation, menu planning, cooking, and for submitting registration with that included in an accurate count of the number of Webelos Scouts, Scouts BSA, and Adults who will be attending. Webelos are encouraged to wear their Official Webelos uniform during the event. A Scout related T-shirt will work as well during the activity times. If you don’t know a Troop, call your District leadership and we they will help you locate a Troop. Careful planning is recommended so that your Webelos Scouts can have opportunities to participate in most events. **Important Note: Per the Guide to Safe Scouting age appropriate guidelines: Webelos may attend Camporee as day visitors only, NO Webelos camping is allowed.**

## Cost

Cost shown are per person.

	Early Bird	Regular	Late
	Before 5/1	Before 5/11	After 5/10

Webelos (Saturday only)	\$10	\$15	\$20

Registration/payment is done online found at [www.mountbakerbsa.org/firemountain](http://www.mountbakerbsa.org/firemountain)

## Check-In on Friday

Where to go – Check in in the parking lot. Unload your gear in the Parking Lot – Fire Mountain will be closed to unauthorized vehicle traffic during Camporee. Equipment must be packed in by hand/wagon/cart. There will be carts available for bigger/heavier items.

## Setting Up Your Campsite

Troops will be camped in campsites based on date of your registration. Troops that do not make it into campsites will be placed in the Kit Carson field to camp. Troops will be informed no later then 1 week out WHERE they will be camping and what facilities they will have access too (smaller troops may be asked to share campsites).

Troops should be prepared based on their camping location and facilities available, this may mean brining tents. dinning flies etc.

## Check-Out

Camporee is officially over 10:00am Sunday morning, Units have the options can attend a Scouts Own at 8:00 AM. Those Units that are checking out on Saturday Night are asked to make sure that they check out with the Camp Staff prior to leaving.

All units are asked to follow the “Leave No Trace” camping guidelines. Campsites must be clean, so the camp ranger is able to cut grass without having to get off tractor and remove objects. Place rocks, logs, and natural debris outside of the camping fields and into the tree line or other uncut areas.
